

## PRESS RELEASE

July 2023

### **Energiequelle GmbH celebrates opening of Berlin location**

#### **The new office in the capital is the 21st branch office of the global company**

Kallinchen, 3<sup>rd</sup> July 2023. Energiequelle GmbH has a new office. The office in Berlin is the 21st branch office of the company in Europe. Located directly at Südkreuz train station, it offers space for 80 employees. A number of teams from the main location in Kallinchen have already moved in recent weeks. Further vacancies are to be filled by new professionals in order to continuously advance the expansion of national activities.

The official inauguration took place last Wednesday. More than 60 employees and guests attended and celebrated the move into the modern premises with Managing Director Michael Raschemann. He spoke proudly of the successful relocation: "With the opening of the location in the heart of Berlin, we are increasing our visibility and establishing even greater proximity to relevant cooperation partners and decision-makers in our industry. Furthermore, I am pleased that with the Berlin office we can offer our employees attractive workplaces in a central location with good transport connections."

Energiequelle is aiming for ambitious growth and wants to expand not only in Germany but also internationally. The company currently employs 450 people in four countries. Further foreign subsidiaries are set to be established in the next few years.

Michael Raschemann (Managing Director) & René Radeisen (Site Manager)
